

**PANHANDLE PRODUCERS
& ROYALTY OWNERS
ASSOCIATION**

Our primary purpose is to lobby and represent membership before political parties, state and federal agencies, to develop policy and position papers, and to act as *your voice* with regard to proposed legislation that impacts our industry.

What does your membership provide?

PPROA was originally founded in 1929 as a non-profit industry association, governed by bylaws and directed by officers who are also members, to provide public relations, education, political donations, lobbying and publishing; however, our focus is collaboration between member companies.

The Panhandle Producers & Royalty Owners Association is an advocate for oil and gas producers, mineral royalty owners and industry support companies in Texas, Oklahoma and Kansas. Association advocacy is both proactive and responsive and includes:

- ⊙ **Lobbyist in Austin**

- ⊙ **Policy, position papers, legislation**
- ⊙ **Conferences**
