

PPROA 2023 Speakers

SEPTEMBER 12th & 13th

AMARILLO CIVIC CENTER – GRAND BALLROOM

Eric Ward, Rose Rock Environmental – Preparing for Methane Tax 2024: Calculations, Reporting & What Can You Do?

Eric's environmental, operational, and safety experience throughout his career in Wyoming, Utah, Alaska, Texas, Louisiana, Colorado, and Oklahoma has given him an in-depth understanding of oil and gas field operations and safety leadership. His 26 years of experience has allowed him to develop a strong foundation in environmental compliance management, create a culture where safety is a value, and manage business risk.

Joey Minervini, Senior Consultant Carbon Storage Technology, Global CCS Institute

Global CCS Institute is a not-for-profit, international climate change think tank whose mission is to accelerate the global deployment of Carbon Capture and Storage (CCS). The Institute is based in Melbourne, Australia, with offices in Washington, D.C., Houston, London, Brussels, Abu Dhabi, Beijing, and Tokyo. Before joining the Institute in 2021, Joey spent over 15 years as a geoscientist in the upstream oil and gas industry, primarily in Houston, Texas, specializing in subsurface analysis and new business development.

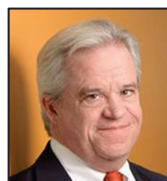

Honorable Jason Isaacs, Texas Public Policy Foundation

Jason Isaac is Director of **Life:Powered**, a national initiative of the Texas Public Policy Foundation to raise America's energy IQ. Jason has appeared live on Fox Business Network and other national news shows, and his commentaries have been published in *Fox Business*, *The Hill*, *The Washington Examiner*, *The Daily Caller*, and other publications. He is a regular contributor to *The Epoch Times*.
